Hi Councilor Siddiqui,

My name is Beth Huang, and I live at 122 Berkshire St in Cambridge (right next to Donnelly Field). I've lived in Cambridge since July 2016 and have really appreciated its leadership on so many issues - from immigrants' rights to climate justice. Thanks for your support on many issues, and thanks for meeting with me about Mass Against HP back in late January or early February.

I strongly believe that we need to think globally and act locally, and it's one of the reasons why I work as a community organizer. I think we have a real opportunity to take a leadership role by ending our business with Hewlett-Packard on April 23. Especially with the terrible violence that's happening in Gaza and the role of HP in the deportation infrastructure that's being harnessed right here in Greater Boston, I hope that city council takes a stand and does the right thing next week.

All the best,
Beth
